Since Hong Kong Disneyland Resort opened on September 12, 2005, it has entertained more than 100 million guests from Hong Kong, Chinese Mainland, Southeast Asia and farther abroad. As the first Disney resort in China, it features award-winning, first-of-its-kind entertainment offerings and guest services specially designed for an international guest base, all brought to life by the resort's multilingual cast.

In recent years, the resort has introduced major additions as part of its multi-year expansion, including World of Frozen, the Dream Makers statue, the Castle of Magical Dreams, and new Marvel attractions such as Ant-Man and The Wasp: Nano Battle! and Iron Man Experience. In 2025, HKDL kicked off a

year-long 20th anniversary celebration with the launch of “Disney Friends Live: Party at the Castle!” stage show, the resort’s largest-ever parade “Friendtastic!”, and the expanded nighttime spectacular “Momentous – Party in the Night Sky.” The resort is now entering a new chapter with two major expansions underway: a Pixar entertainment offering and Marvel-themed experiences.

OVERVIEW

NEW DEVELOPMENTS

Since its opening, Hong Kong Disneyland Resort has consistently launched innovative attractions and new entertainment offerings. Most recently, the new Castle of Magical Dreams was launched after undergoing a major transformation into a beacon of courage, hope and possibility at the heart of the park. Taking inspiration from 13 stories of Disney princesses and queens, the new castle's architectural design embraces each of their unique characteristics through the interpretation of color, icons, symbols, patterns and cultural features.

A new castle stage show, Follow Your Dreams, was launched in 2021 to celebrate the opening of the new castle and takes guests on a musical journey with a selection of both new and classic Disney songs and characters. The all-new multimedia nighttime spectacular, "Momentous", was launched in June 2022, igniting guests' nights and hearts with an aweinspiring journey of life through a magical multimedia experience. The new show celebrates each stage of life through a series of six chapters, with projection images of approximately 150 characters from almost 40 Disney and Pixar stories. The castle is also accompanied by the Bibbidi Bobbidi Boutique transformation experience, as well as the "Building a Dream: The Magic Behind a Disney Castle" exhibition.

The continued expansion also saw two Marvel attractions introduced, with Iron Man Experience in 2017 and Ant-Man and The Wasp: Nano Battle! in 2019. There was also the addition of Toy Story Land in 2011, Grizzly Gulch in 2012, Mystic Point in 2013 and World of Frozen in 2023 to the resort's existing themed lands - Fantasyland, Adventureland, Tomorrowland and Main Street, U.S.A. HKDL is poised for a new chapter with two major expansion projects underway: a Pixar entertainment offering and Marvel-themed experiences.

OWNERSHIP AND MANAGEMENT

Hong Kong Disneyland Resort is a joint venture between The Walt Disney Company and the Government of the Hong Kong Special Administrative Region. The Government of the Hong Kong Special Administrative Region owns a 52 percent interest in the resort and The Walt Disney Company owns the remaining 48 percent interest. A separate Hong Kong subsidiary of Disney is responsible for managing the resort.

ECONOMIC IMPACT

As a key pillar for the tourism industry in Hong Kong, the resort is committed to continuing its significant contributions to the local economy. In the past 19 years of operations combined, the resort has brought approximately HK\$149.1 billion (US\$19.19 billion) of added value to the city's economy, equivalent to 0.29 percent of Hong Kong's GDP, and has cumulatively created 311,800 jobs (in terms of man-years).

COMMUNITY INVOLVEMENT

Since 2008, Hong Kong Disneyland Resort has leveraged its strong relationships with up to 400 NGOs to distribute over 100,000 park tickets to the local community each year on average. One such partnership is with local NGO Foodlink, under which the resort has donated more than 205,000 surplus meals to people in need across the city since 2013. The resort also has a very robust Disney VolunTEARS program, which has contributed a total of 123,000 service hours since its opening in 2005.

These initiatives allow the resort to touch the lives of the community and solidify its relationship with the people of Hong Kong by giving a helping hand to those with diverse and underprivileged backgrounds, including families, child patients, the elderly and people with disabilities.

THE ENVIRONMENT

Hong Kong Disneyland Resort's extensive environmental initiatives include energy efficiency efforts, "green" purchasing, greenhouse gas reduction, water conservation, waste reduction and recycling in the hotels and park. Since September 2018, the resort has been eliminating single-use plastics, including plastic straws, bags and packaging. Our efforts also include donation of surplus food to the needy in the community and awareness programs for guests and cast members.

Hong Kong Disneyland Resort features Hong Kong's first and largest car park solar canopy. The project will bring HKDL's total solar panel count to over 8,300, spanning 60 locations throughout the resort and generating enough energy to power approximately 1,200 three-person households for a year.

HONG KONG DISNEYLAND HOTEL

The Hong Kong Disneyland Hotel exemplifies the romance and luxury of grand Victorian-style hotels. It is the resort's flagship hotel, with six storeys, 400 rooms and world-class amenities. After launching five Kingdom Club Frozen suites in July 2018, the hotel also introduced four Cinderella Suites to the hotel in July 2019. The hotel's magical offerings include breakfast and dinner with Disney characters, Bibbidi Bobbidi Boutique, outdoor and indoor venues for MICE events and Disney's Fairy Tale Weddings. Guests can also enjoy the buffet-style Enchanted Garden Restaurant, fine dining at Crystal Lotus, Walt's Cafe, Kingdom Gifts, a gym and two swimming pools.

DISNEY'S HOLLYWOOD HOTEL

This hotel, with its lobby and two restaurants refurbished in 2023, celebrates the art of storytelling with a sophisticated Art Deco style that recalls the fun and glamor of Hollywood's Golden Age. The eight-storey, 600-room hotel features all-new restaurants The Archivist and Ink & Plate, and recreational facilities such as a piano-shaped pool with slide and Malibu Games room.

DISNEY EXPLORERS LODGE

The 750-room hotel opened in April 2017, celebrating global cultures and inspiring guests to explore and dream. A new Adventurers Suite launched in July 2020, enhancing guests' experience and further defining the resort as an ideal staycation for families. Guests can find more than 1,000 international artifacts throughout the hotel as they enjoy lush gardens based on the cultures of Africa, Asia, Oceania and South America.

The hotel serves Chinese cuisine at Dragon Wind, international meals at World of Color, casual dining at Chart Room Café, and a chocolatier experience at Dreamer's Lookout. Young guests can also enjoy Nemo's Recreation Reef playroom, water attractions at Dreamer's Spring and Rain Drop Pool, as well as memorabilia from The Trading Post.

INSPIRATION LAKE RECREATION CENTRE

Inspiration Lake is the largest man-made lake in Hong Kong. The center also features an arboretum with shady trees, a jogging trail, unique plant life, and tricycles and watercrafts for rent. The resort's one million trees and shrubs are irrigated by a water conservation system that collects rainwater here, saving 70 percent on water use every year.
