When Walt Disney opened Disneyland on July 17, 1955, he said he hoped it would be "a source of joy and inspiration to all the world." Since then, Disneyland Resort has welcomed guests from all across the world, expanding to become an approximately 500-acre, multifaceted, world-class family resort destination, complete with two renowned Disney theme parks, three hotels and the exciting shopping, dining and entertainment area known as Downtown Disney District.

Disneyland introduced the world to an entirely new concept in family entertainment. Today, it continues to use creativity, technology and innovation to bring storytelling to new heights, while fulfilling Walt Disney's vision that "Disneyland will never be completed as long as there is imagination left in the world."

OVERVIEW

NEW DEVELOPMENTS

Kids Rule Summer continued at Disneyland Resort with exciting offerings for guests of all ages, from lively dance parties to a new mission on Millennium Falcon: Smuggler's Run and more. In August, Disneyland Resort kicked off its seasonal offerings, including Oogie Boogie Bash – A Disney Halloween Party, Halloween time and Plaza de la Familia. Additionally, to celebrate the nation's 250th birthday celebration, Disney California Adventure park debuted the all-new Soarin' Across America.

Work is underway on two new attractions in Avengers Campus which will double the size of the land. Construction began in August for a new parking structure and transportation hub that will be built on the east side of Disneyland Resort, leading to an all-new esplanade arrival experience. Future developments also include the first-ever "Coco" attraction coming to Disney California Adventure park, the reimagining of Tomorrowland, and an Avatar-themed destination.

In August, Disneyland Resort also invited more than 6,000 local residents to experience exciting events and fun surprises during the Happiest Day in Anaheim. Senior citizens at the Ponderosa Family Resource Center were surprised with a special yoga class, students at Danbrook Elementary School enjoyed a Disney field day and, for the signature event of the day, Disney VoluntEARS brought beloved elements of Main Street, U.S.A., to Center Greens Park in Anaheim with "Main Street on Your Street."

EMPLOYMENT EXPERIENCE

As Orange County's largest employer, Disneyland Resort is home to 36,000 cast members and offers competitive wages, a wide array of benefits for eligible employees as well as robust career development opportunities. A dedicated on-site Cast Care Center helps cast members in navigating 20+ resources available, including the Employee Assistance Program (EAP), legal and tax support, Partners Federal Credit Union branches and an on-site pharmacy. Cast members also have access to one-of-a-kind events, such as after-hours celebrations in the parks, previews of new offerings at the resort and more.

ECONOMIC IMPACT

Disneyland Resort continues to be an economic engine in the Southern California region, driving tourism, job creation and billions of dollars in revenue annually. According to a 2025 study by economists from Oxford Economics, Disneyland Resort annually generates $16.1 billion in total economic activity and supports more than 102,000 (direct and indirect) jobs in the region. In addition, the resort supports thousands of businesses across Southern California, including hundreds of small businesses in Orange County.

COMMUNITY ENGAGEMENT

At Disneyland Resort, we are committed to honoring the magic and legacy of The Walt Disney Company by bringing happiness, inspiration and opportunities to youth and families in our community and beyond. The resort and its cast members contribute in a myriad of ways annually including millions of dollars in cash and in-kind donations to local nonprofit organizations, leaders serving on boards and thousands of Disney VoluntEARS hours from our cast members.

Through the Disney Wish program, Disneyland Resort collaborates with nonprofit wish granting organizations to make wishes come true for children with critical illnesses. Since the very first official wish was granted at Disneyland Resort over 45 years ago, Disney has helped fulfill over 175,000 wishes globally, making the company the world's largest wish granter for Make-A-Wish. In 2026, Disneyland Resort is continuing to make dreams come true, fulfilling over 650 wishes for children with critical illnesses.

ENVIRONMENTAL SUSTAINABILITY

Disneyland Resort believes caring for the environment is part of being a good neighbor and a responsible steward of the places and communities it calls home. That belief is advancing the resort toward The Walt Disney Company's 2030 Environmental Goals. Matched zero-carbon electricity, on-site solar, lighting upgrades and a growing electric-vehicle fleet are just a few of the ways the resort is working toward those goals — spanning energy, waste, water and daily operations. Today, 60% of the resort's electricity use is matched with zero-carbon energy, and the resort uses less water than it did in 2014 — despite welcoming millions more guests. The Sustainable Food Systems program emphasizes reducing impacts in its supply chain while maximizing taste and guest experience. Food waste recovery efforts divert more than 7 million pounds from landfill each year. The resort's campus-wide energy management program was recognized by the Association of Energy Engineers, which named Disneyland Resort its 2026 Corporate Energy Management of the Year for the Western U.S. Region. Its broader sustainability programs have earned four SEAL Business Sustainability Awards.

DISNEYLAND RESORT HOTELS

DISNEY'S GRAND CALIFORNIAN HOTEL & SPA

Featuring 944 rooms and 71 Disney Vacation Club Villas, Disney's Grand Californian Hotel & Spa is the flagship hotel of the Disneyland Resort. The design of this AAA Four Diamond, award-winning luxury property is inspired by the turn-of-the-century California Craftsman movement. With theme park admission, guests enjoy convenient access to nearby Disney California Adventure park. It offers suites, a large convention facility, and two restaurants: Storytellers Café and the award-winning Napa Rose. Napa Rose reopened earlier this year with an exquisite new look, expanded counters where guests can watch the chefs in action, enhanced patio seating and two new fireplaces.

DISNEYLAND HOTEL

This 973-room landmark hotel features reimagined guest rooms, Tangaroa Terrace and Trader Sam's Enchanted Tiki Bar, and a courtyard featuring monorail-inspired water slides. The AAA Four Diamond hotel also features one of the largest contiguous convention spaces in the Western U.S., at 136,000 square feet. The High Key Club, a concierge lounge on the 11th floor of the Adventure Tower, celebrates the music and classic sounds of early Disneyland park.

PIXAR PLACE HOTEL

Inspired by the imagination of Pixar Animation Studios, Pixar Place Hotel features 481 guest rooms, family recreation areas and multiple dining spaces. The pool deck includes cabanas and a water slide. The hotel overlooks Disney California Adventure park and is complete with artwork and decor of beloved Pixar characters and stories, including the iconic Pixar lamp Luxo Jr. in the lobby.

DOWNTOWN DISNEY DISTRICT

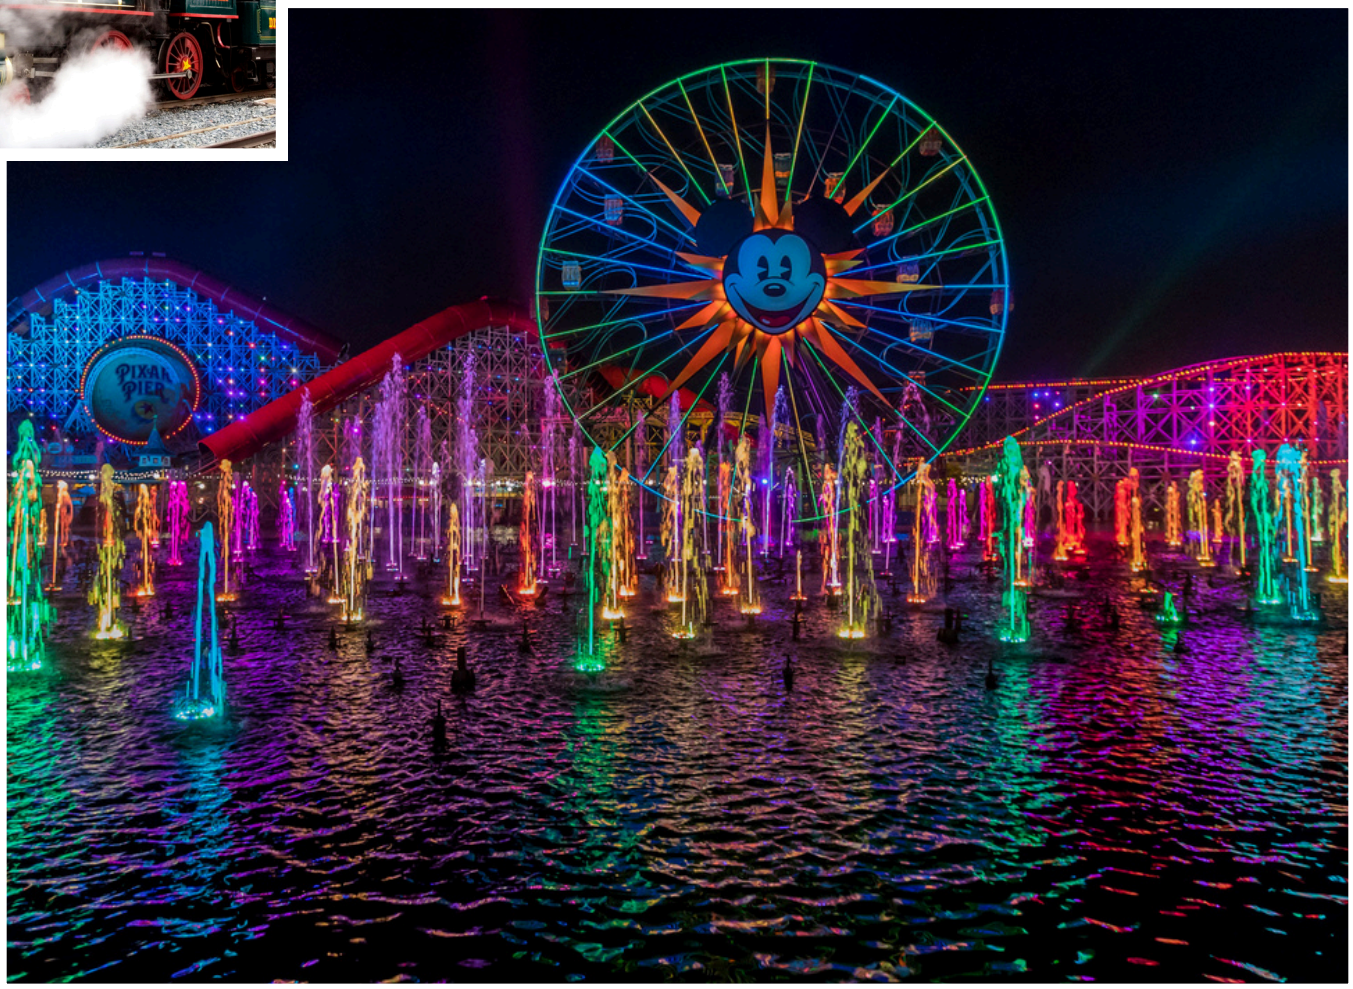

Bridging the two theme parks and three hotels is the Downtown Disney District, a 20-acre dining and shopping district featuring more than 300,000 square feet of retail space. The Downtown Disney District boasts unique dining options, distinct shopping locations and live entertainment venues. Recent additions include Earl of Sandwich, Gordon Ramsay at The Carnaby, Happy Ice, Big Boi Lumpia Co, lululemon and Nectar Life. Guests can look forward to Bopo Go!, Porto's Bakery and Café, Arthur & Sons Steak and Bourbon, Pearl's Roadside BBQ coming to Downtown Disney District in the future.

FACTS & FIRSTS

- Disneyland Resort cast members speak approximately 32 different languages, including American Sign Language. Cast members are able to add badges featuring the languages they speak onto their nametags.
- The Disneyland Railroad steam trains and Mark Twain Riverboat are powered by biodiesel made from recycled cooking oil – used to make fries and other foods – at the Disneyland Resort, saving approximately 200,000 gallons of petroleum diesel annually.
- All parade floats are electrically powered, and our cast members use hundreds of electric back-of-house vehicles.

- The landscape surrounding the Jungle Cruise has evolved into its own ecosystem since the attraction opened in 1955. The trees have created a canopy that allows species of ground plants to grow that otherwise wouldn't thrive in Southern California.
- More than 3,000 species of plants that are native to more than 40 different countries from around the world are grown at the Disneyland Resort.
- The "stage" for "World of Color" is a platform comprising nearly one full acre of engineered superstructure. It's longer than a football field!
- The culinary program at Disneyland Resort includes chefs trained at prestigious culinary schools, contributing to the Resort's award-winning dining experience.
- On July 3, 2026, Disneyland Resort commemorated welcoming 1 billion guests to Disneyland park and Disney California Adventure park with a ceremony at the entrance of Disneyland. The Main Street, U.S.A., train platform now features a sign reading, "Population 1,000,000,000."
- Disneyland Resort is the only Disney theme park that founder Walt Disney ever saw. His original apartment remains in place above the Main Street, U.S.A., fire station, with a lamp always lit in the window.
