GUEST EXPERIENCE

May it be with family, friends or loved ones, there is always something unique to experience at Disneyland Paris. We continue to explore how we can evolve and enhance every aspect of the guest experience and find new ways to connect guests to the stories and characters they love most.

Disneyland Paris is decked out for the frightfully fun Disney Halloween Festival through November 5, followed by the return of Disney Enchanted Christmas from November 11 through January 7. Delightful décor, exclusive entertainment, limited-time treats and more await guests for their next visit to the resort. Starting in early 2024, the all-new Disney Symphony of Colors will provide vibrant new experiences that are sure to surprise and entertain. On January 25, 2024, Disneyland Hotel will reopen as the very first Disney hotel to propose a five-star journey celebrating Disney royalty, from iconic classics to recent hits.

Following the highly successful opening of Avengers Campus in 2022, Walt Disney Studios Park welcomed to the Studio Theater stage this summer an innovative and creative show called "TOGETHER: a Pixar Musical Adventure," which invites guests to embark on a spectacular and poetic journey and experience how music and friendship bring us together, traveling into the worlds of *Toy Story*, *Coco*, *Up*, *Monsters, Inc.* and *Finding Nemo*. In the future, a new *Frozen*-themed area will also welcome guests to the Kingdom of Arendelle, including a new attraction, dining and shopping experiences, and encounters with the royal sisters, as part of the park's ongoing transformation.

COMMUNITY INVOLVEMENT

Disneyland Paris is dedicated to inspiring lasting and positive change in the community. More than 1,000 Disney VoluntEARS donate their free time every year to bring joy, comfort and hope to those who need it most. The resort has hosted more than 300,000 underprivileged children and granted 20,000 children's wishes since 1992. Disney VoluntEARS have also visited 40,000 sick children in 500 hospitals in France and Europe since 1991. This summer, Disneyland Paris welcomed 5,000 youth and their families to enjoy a day in the parks as part of a long-standing collaboration with the Secours Populaire association in France, particularly during annual summer holidays.

THE ENVIRONMENT

At Disneyland Paris, we believe in finding practical, realistic and effective solutions to the major challenges we face while working to limit our environmental impact. Across the region, we have proactive policies for responsible sourcing, recycling, sustainable management of our operational and construction waste, biocontrol, biomethanization, reasonable irrigation of our green spaces and more. Sustainable development will remain a top strategic priority through the reduction of emissions from our direct activities by 46.2% by 2030 and by 27.5% for our indirect activities – with a particular focus on sectors such as goods, services and catering – as well as sustainable water resources management, biodiversity conservation and development across the Resort, moving toward a circular economy business model.

As part of its commitment to environmental stewardship focusing on renewable energy, the construction of Europe's largest solar canopy plant started in 2020 to cover the resort's main guest parking lot and will be fully completed and operational by the end of 2023. Its production of renewable energy will reduce the Val d'Europe territory's greenhouse gas emissions by approximately 890 tons of CO₂ per year. Disneyland Paris also has its own wastewater treatment plant and other concrete actions in place such as recycling operational costumes. Dozens of projects are being explored to give this strategy a real boost and make Disneyland Paris a model for future sustainable resorts.

ECONOMIC IMPACT

As Europe's top tourist destination – with more than 375 million visits since opening, 84.5 billion euros contributed to the French economy and representing 6% of tourism revenue in France since 1992 – Disneyland Paris is both a can't-miss tourist destination and a flourishing area of economic and employment development which plays a key role in the growth of the Val d'Europe territory. With more than 9.1 billion euros in investment since 1992, the success of Disneyland Paris and Val d'Europe stems from a successful and ongoing collaboration with local communities, authorities and real estate partners.
